7. SAFETY CONTROL MEASURES:

a. PACKAGING - Packaging authorized is a DOT Specification 39, non-refillable steel cylinder in conformance with the General Requirements for Specification Cylinders (§ 178.35) and DOT Specification 39 (§ 178.65) or DOT-SP 6686 except as follows:

§ 178.35(e) and 173.301(f)(2) *Pressure relief devices.*

The inlet port to the relief channel of the pressure relief device is not required to be in communication with the vapor space of the cylinder while in transportation.

§ 178.65(a) *Type, size, service pressure and test pressure.*

(1) Water capacity must not exceed 75 cubic inches.

(2) * * *

(3) * * *

b. OPERATIONAL CONTROLS:

(1) The cylinder must be shipped in strong outside packagings in accordance with § 173.301(a)(9) including large quantities totally enclosed in stretch wrapped corrugated overpacks;

(2) The cylinders may be loaded in a horizontal position; and

(3) The outside of each shipping container must be marked "Inside package conforms to DOT-SP 13318".

8. SPECIAL PROVISIONS:

a. In accordance with the provisions of Paragraph (b) of § 173.22a, persons may use the packaging authorized by this special permit for the transportation of the hazardous materials specified in paragraph 6, only in conformance with the terms of this special permit.

b. A person who is not a holder of this special permit, but receives a package covered by this special permit, may reoffer it for transportation provided no modifications or changes are made to the package and it is offered for transportation in conformance with this special permit and the HMR.

c. A current copy of this special permit must be maintained at each facility where the package is offered or reoffered for transportation.

d. Each packaging manufactured under the authority of this special permit must be marked with a registration symbol designated by the Office of Hazardous Materials Special Permits and Approvals for a specific manufacturing facility.

e. A current copy of this special permit must be maintained at each facility where the package is manufactured under this special permit. It must be made available to a DOT representative upon request.
